

I strongly oppose Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary before the election.

Because Sinclair is not charged for its use of the public airwaves, it is obligated by law to serve the public interest. When large companies use these public airwaves to serve their own business interests over the interests of the general public, our democracy is at risk.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard.

Thank you.
